MEMORANDUM FOR THE DIRECTOR

SUBJECT: 25X1A5a1

25X1A5a1

1. [REDACTED] heads a small group set up at the request of Arthur Flemming, acting on a suggestion of the President, that a "fresh look" be taken in organisational arrangements for Continental Defense (see page 47 of the Bull Committee Report, NSC-159). Other members are [REDACTED] but the latter has bowed out since he has joined the [REDACTED]. The field of inquiry definitely includes the recommendation for a special NSC subcommittee on net estimates and also the rationale behind the JIC and ECIS. 25X1A5a1 25X1A5a1

2. I shall develop as much as I can of their thinking before the meeting on Wednesday.
